The Manitoba Golf Hall of Fame & Museum Inc. was formed to acknowledge the contributions and accomplishments made by Manitobans as competitors, both amateur and professional, builders and course superintendents to the game of golf. It is a tripartite organization, the partners being Golf Manitoba, Manitoba Golf Superintendents' Association and the Canadian Professional Golfers' Association of Manitoba.

In addition to the annual inductions, future plans include enhancing the ability of the public to access information about members of the Golf Hall of Fame and Manitoba's rich golfing history as well as to assist golf clubs in preserving their heritage.

Individual members and member clubs wishing to nominate a person for the Manitoba Golf Hall of Fame may obtain nomination forms through any of the three member organizations or from the following [website](#).

ACTIVE SEASON – WHEN TO POST YOUR SCORES!

In the May 2009 Golf Manitoba Newsletter, there was an article outlining some highlights of the RCGA Handicap Manual. One of the points discussed the term **active season**. Active Season is defined as the period during which scores made in an area will be accepted for handicap purposes determined by the authorized provincial golf association having jurisdiction in a given area. Golf Manitoba's active season is April 15th to October 31st. What this means is that scores made within Golf Manitoba's jurisdiction should only be posted within this time period. Any scores made outside this time frame should not be posted (i.e. if a player plays a round at the Rossmere Country Club on November 1st, that score should not be put into the players scoring profile).

The confusion with this may come when a player is playing a round outside of Manitoba (i.e. someone who travels south for the winter). The score should always be posted as long as it is played within the active season of where it is played. As another example, if a person travels south for the winter and plays golf November through March in an area where the active season is year round, those scores should be posted. With the accessibility of the internet, a player should post those scores as they are played the same as they would if they were playing at their home course in Manitoba. If they do not have access to their scoring profile, all scores should be entered with the date played when they return to their home course.

For more information on this and other important Handicap System parameters, Golf Manitoba will be holding a Handicap Seminar at the Pine Ridge Golf Club October 3rd. Please contact the Golf Manitoba office to sign up.
